... IN HARMONY WITH NATURE

**AN OLD WORLD TRADITION – IN HARMONY WITH NATURE**

With Bechtle Teigwaren you are guaranteed to enjoy over 100 years of experience in "spätzle" production. The company was established in 1909 in Tuebingen and merged with the ALB-GOLD Group in 2000.

ALB-GOLD is a traditional family-owned company located in the state of Baden-Wuerttemberg, Germany. The company's headquarters is situated in Southern Germany on the Swabian Alb – among the Black Forest, the city of Stuttgart and Lake Constance. This is the home of traditional Swabian spätzle.

Since the company was founded, ALB-GOLD has been consistently committed to producing high quality regional food products. As a food manufacturer, we take responsibility for delivering healthy products – our customers must be able to trust us.

ALB-GOLD uses only the best raw materials for Bechtle traditional egg pasta. Only a very few manufacturers can compete with our huge assortment of tongue-twisting shapes and sizes and our high quality standards.

We are committed to the environment and to free-range animal farming. We supply sustainable produce, thereby ensuring that nature will be preserved for subsequent generations.
